Experience

MOMS MOBILE OIL CHANGE | USA, Remote
Full Stack Web Developer | 11/2023 - Present
I work as a web developer at **Moms Oil Change** company, where I am responsible for developing their SaaS platform

zipbox | Chittagong, Comilla
Lead Developer | 01/2023 - Present
I sought web development, UI/UX, and app development clients within my network, leading projects under the company name Zipbox. As the **lead developer**, my primary focus was on the development of web applications.

Mental Health Care Bangladesh | Chittagong, Comilla
Web Developer | 01/2023 - 06/2023
I worked as a web developer in Mental Health Care BD, where I designed and developed their website to showcase their work in mental health awareness. Additionally, I contributed by posting blogs about mental health care on the website

Bangladesh Space Research society | Dhaka
Front End Web Developer | 08/2022 - 06/2023
Bangladesh Space Research Society is a nonprofit organization. I joined BSRS as a front-end developer
My Responsibilities: I create website for their event management like participant
registration,ticket verify etc

Awards

Creative Juniors award 2021, Nasa space app challenge Galactic Problem Solver
